R E S P O N S E

The Honorable Commissioner of
Patents and Trademarks
Washington, D.C. 20231

Sir:

In response to the Official Action mailed September 21,
1984, please amend this application as follows.

IN THE SPECIFICATION:

Page 7/line 8 delete "the" and delete "residues"

Page 7/line 9 delete "arginine" and replace by

--arginine--

IN THE CLAIMS:

Please amend claim 10 as follows.

10. (amended) The penicillin derivative as defined in claim 8 wherein the group for forming a pharmaceutically acceptable salt represented by R₃ is alkali metal atom, alkaline earth metal atom or ammonium, [organic amine residue, basic amino acid residue or ammonium residue] or the group COOR₃ represents a carboxylic acid salt formed from the carboxyl group and a member selected from the group consisting of cyclohexylamine, trimethylamine, diethanolamine, arginine and lysine.
